

Belzona Opens New Corporate Office in Hong Kong

Belzona, a global leader in the design and manufacture of industrial protective coatings and polymer repair composites is pleased to announce the opening of a new corporate office in central Hong Kong.

Having generating over 55 years of experience, Belzona provides a wide range of proven products that can repair, protect and improve machinery, equipment, buildings and structures across a wide range of industries such as Oil and Gas, Petrochemical, Power Generation, Manufacturing, Water and Wastewater, and the Marine industry.

With existing corporate offices in the UK, U.S, Canada and Thailand, Belzona currently operates through a global Distribution network of over 140 Distributors in 120 countries. Part of Belzona's corporate mission is to encourage strong and steady growth among each of its' Distributorships, in particular within the China network. The recent purchase of the Hong Kong office will help us bring Belzona one step closer to the accomplishment of this goal.

Along with the commitment to enhance Belzona's market potential and to further support the Chinese network, the Belzona Hong Kong office will provide specialist engineering support from a dedicated team of industry professionals.
